

State Dept. declassification & release instructions on file

49 West 12th Street, Apt. 6A
New York 11, New York

May 25, 1959

Mr. Lee M. Goodman
Chief, Division of Intelligence
Collection and Distribution
Department of State
Washington 25, D.C.

Dear Mr. Goodman:

Two copies of the school term paper resulting from the interviews so generously granted me by Department people accompany this letter. Please understand that this version is purely an assigned class exercise for the eyes of the instructor. The course is one devoted entirely to a consideration of the technical services in libraries, hence the inclusion of reference, though generalized, to procedures. I trust I have been discreet and accurate. Any instances you discover to the contrary will be corrected as you advise.

Should Dr. Tauber decide that he would like this revamped and polished up for publication, you would receive notification well in advance, and a draft copy of such an article would be submitted for your approval.

My thanks to you and others in the Department for your kind and generous help.

Sincerely,

Hazelle Nelson
